

ROHIT PARIT

Java Developer | Full Stack Applications

+91 9810167696 rohitparit1934@gmail.com [LinkedIn](#), [Github](#), [Portfolio](#) New Delhi

SUMMARY

A strong foundation in Java development and a commitment to enhancing system security and efficiency have been demonstrated through diverse project work and practical experience in software development. Passion for building robust applications aligns with the focus on creating impactful solutions. Enthusiasm for contributing to a mission that emphasizes innovation and excellence in technology solutions is evident, and eagerness to engage with challenging projects is clear.

EDUCATION

Bachelor of Computer Application
GURU GOBIND SINGH INDERPRASTHA UNIVERSITY

DELHI, IN
11/2022 - 07/2025

Master Of Computer Application
MANIPAL UNIVERSITY

JAIPUR, IN
07/2025 - Present

EXPERIENCE

Backend Java Developer

11/2025 - Present

Debound
Worked at Debound, handling a key project to migrate Bank of Maharashtra's system from PHP to Java.

- Enhanced efficiency by developing Java applications and creating REST APIs.

Full Stack Developer

07/2025 - 10/2025

GNEXT
Work With Team to Create Physiotherapy Booking System for Abhaile Physiotherapy.

- Developed a PHP application designing end-to-end from scratch.

Software Development Engineer

05/2025 - 07/2025

Bluestock Fintech
A fintech company providing innovative financial solutions

- Focused on Java as the primary programming language, emphasizing security and the addition of new features.

PROJECTS

GOLD LOAN BACKEND

A system for managing gold loans with security features

- Implemented a Gold Loan Management System, increasing security through role-based access control using Spring Boot.
- Architected service layer ensuring service communication, separation of concerns, and application maintainability.

SMART SPILT

Smart Split is a group expense management system that calculates shared costs and minimizes settlements using an optimized debt-simplification algorithm.

- Eliminates circular debts to reduce total transactions.
- Generates clear, optimized settlement results for groups.

SKILLS

Backend / Frameworks
Spring Boot, MVC, Spring Data JPA, REST APIs, Microservices, Servlet, Spring Security (RBAC), JWT Authentication, WebSocket

Databases & DevOps Tools
MySQL, PostgreSQL, Kafka, Docker, Swagger, CI/CD, Flyway, AWS S3, AWS EC2, Linux, SQS, DynamoDB

Version Control
Git, GitHub

Programming Languages
Java (Primary), JavaScript, C++

Testing & Debugging
JUnit, Mockito, Postman

AI & LLM
Spring AI, RAG, Vector Databases, Embeddings

TRAINING / COURSES

Java Programming
Indian Institute of Information Technology Allahabad

Java Programming for Beginners
IBM

Introduction to Software Engineering
IBM

Java Backend Development
GeeksforGeeks

KEY ACHIEVEMENTS

Achievements
Solved 160+ Questions on LeetCode, showcasing problem-solving skills and coding proficiency

Hackathon Participation
Participation in hackathons, demonstrating teamwork and innovation skills
